2011 Annual Meeting of the Florida Society of Neurology

Featuring:

- Advances in Neurology: Neurology Master Workshops, including the 6th Annual Florida Neurology Resident’s & Fellow’s Research Day
- Neurology for the Non-Neurologist: Localizing Neurologic Symptoms
- The 37th Annual Course in Neuropsychology and Behavioral Neurology: Cognition & Traumatic Brain Injury

September 16-18, 2011

Disney’s Yacht Club Resort
1750 Epcot Resorts Blvd.
Lake Buena Vista, FL
The Florida Society of Neurology would be pleased to present the 2011 Annual Meeting of the Florida Society of Neurology. This meeting will be held in Lake Buena Vista (Orlando), Florida, September 16-18, 2011, at Disney’s Yacht & Beach Convention Center. The program is a 3 day conference with an array of educational tracks being offered. The Florida Society of Neurology is proud to have the following offerings this year:

- Advances in Neurology: Neurology Master Workshops, including the 6th Annual Florida Neurology Resident’s & Fellow’s Research Day
- Neurology for the Non-Neurologist: Localizing Neurologic Symptoms
- The 37th Annual Course in Neuropsychology and Behavioral Neurology: Cognition & Traumatic Brain Injury

We are very excited about our 2011 meeting; we invite a wide range of attendees including neurologists, internists, geriatricians, emergency room physicians, neurology physician assistants, nurse practitioners, neurology physicians-in-training (residents and fellows) and other allied health professionals (nurses, speech-language pathologists, physical and occupational therapists, etc). We offer a little something for everybody.

Meeting Program Director: Glen Finney, MD

LEARNING OBJECTIVES

At the conclusion of this session, participants will have received current information on a diversity of medical topics pertinent to patient care in Neurology. Subject matter was chosen based upon assessed needs, future trends and relevance to patient care. Many topics were chosen as a direct result of the evaluations from last year’s program, the planning committee for the behavioral course, the education workgroup of the Florida Society of Neurology, and the board of the Florida Society of Neurology. At the end of the 3 parallel sessions:

- The Florida Neurologist will be updated and will acquire the necessary skills to perform procedures needed in today’s practice of neurology, such as EMG, polysomnology, and chemodenervation.

DISCLOSURE

EDUCATIONAL CREDITS

Physicians: The Florida Medical Association is jointly sponsoring this event with the Florida Society of Neurology. This activity has been approved for AMA PRA Category 1 Credits™.

Nurses: Orlando Health is an Approved Provider of continuing nursing education by the Florida Board of Nursing (Provider Number FBN 2459). Orlando Health is an Approved Provider of continuing nursing education by the North Carolina Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation (AP 085).

Psychologists: This program is co-sponsored by The University of Florida Department of Clinical and Health Psychology and The Florida Society of Neurology. The University of Florida Department of Clinical and Health Psychology is approved by the American Psychological Association to offer continuing education for psychologists. The University of Florida Department of Clinical and Health Psychology maintains responsibility for the program and its content. (Psychology credits only available for the main sessions of The 37th Annual Course in Neuropsychology and Behavioral Neurology: Cognition & Traumatic Brain Injury.)

Speech Language Pathologists:
This course is offered for 1.2 ASHA CEUs (Advanced level; no credit is offered for the Heilman Video Conference.)

The International Neuropsychological Society is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

EDUCATIONAL CREDITS

Physicians: The Florida Medical Association is jointly sponsoring this event with the Florida Society of Neurology. This activity has been approved for AMA PRA Category 1 Credits™.

Nurses: Orlando Health is an Approved Provider of continuing nursing education by the Florida Board of Nursing (Provider Number FBN 2459). Orlando Health is an Approved Provider of continuing nursing education by the North Carolina Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation (AP 085).

Psychologists: This program is co-sponsored by The University of Florida Department of Clinical and Health Psychology and The Florida Society of Neurology. The University of Florida Department of Clinical and Health Psychology is approved by the American Psychological Association to offer continuing education for psychologists. The University of Florida Department of Clinical and Health Psychology maintains responsibility for the program and its content. (Psychology credits only available for the main sessions of The 37th Annual Course in Neuropsychology and Behavioral Neurology: Cognition & Traumatic Brain Injury.)

Speech Language Pathologists:
This course is offered for 1.2 ASHA CEUs (Advanced level;

The International Neuropsychological Society is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

Professional area). (ASHA credits are only available for the main sessions of The 37th Annual Course in Neuropsychology and Behavioral Neurology: Cognition & Traumatic Brain Injury. No credit is offered for the Heilman Video Conference.)
LEARNING OBJECTIVES, CONT.

- The Florida General Practitioner will know how to recognize, localize, and treat common neurological disorders, and gain exposure to the essential neurologic exam and the cognitive examination for higher brain function.
- The Behavioral Specialist will be updated with the most recent research advances to cognitive changes in traumatic brain injury.
- The Florida Neurologist-In-Training will have further developed the skills of analytical thinking and appreciate the value of lifelong learning, our yearly goal.

The Florida Society of Neurology would be pleased to present the 2011 Annual Meeting of the Florida Society of Neurology. This meeting will be held in Lake Buena Vista (Orlando), Florida, September 16-18, 2011, at Disney’s Yacht & Beach Convention Center. The program is a 3 day conference with an array of educational tracks being offered. The Florida Society of Neurology is proud to have the following offerings this year:

- Advances in Neurology: Neurology Master Workshops, including the 6th Annual Florida Neurology Resident’s & Fellow’s Research Day
- Neurology for the Non-Neurologist: Localizing Neurologic Symptoms
- The 37th Annual Course in Neuropsychology and Behavioral Neurology: Cognition & Traumatic Brain Injury

We are very excited about our 2011 meeting; we invite a wide range of attendees including neurologists, internists, geriatricians, emergency room physicians, neurology physician assistants, nurse practitioners, neurology physicians-in-training (residents and fellows) and other allied health professionals (nurses, speech-language pathologists, physical and occupational therapists, etc). We offer a little something for everybody.

Meeting Program Director: Glen Finney, MD

LEARNING OBJECTIVES

At the conclusion of this session, participants will have received current information on a diversity of medical topics pertinent to patient care in Neurology. Subject matter was chosen based upon assessed needs, future trends and relevance to patient care. Many topics were chosen as a direct result of the evaluations from last year’s program, the planning committee for the behavioral course, the education workgroup of the Florida Society of Neurology, and the board of the Florida Society of Neurology. At the end of the 3 parallel sessions:

- The Florida Neurologist will be updated and will acquire the necessary skills to perform procedures needed in today’s practice of neurology, such as EMG, polysomnology, and chemodenervation.

Checks, Visa, MasterCard, & American Express are accepted for payment.
